

Information about Your No. 7510, (FL-10LFM) Lighted Mirror

USES

1. Your mirror stands at the perfect angle for viewing your face. The stand folds to become a cover for storage or travel.
2. Just push in the on/off button for a bright, cosmetic light.
3. You get a full face view, but highly magnified for removal of facial hairs and precise cosmetic application.

MIRRORS

1. The mirror is genuine, scratch resistant glass. It is a 10X DFP™ distortion free magnifier.

BULBS

1. Bulbs are LED type, and never need replacing with normal use.

BATTERIES

1. 3 - AA alkaline batteries are included. To install batteries, remove the battery cover at the rear of the unit and insert batteries with terminals (+ -) properly aligned. Alkaline batteries are recommended for long life.
2. Remove batteries if your mirror will not be used for prolonged periods.

CARE

1. Clean the mirror with any mirror or glass cleaner.
2. The frame is made from durable ABS plastic. To clean, use a damp cloth. Do not immerse the unit in water. Do not use harsh or abrasive cleaners.
3. Never expose the magnifying mirror to direct sunlight. The sun's rays may become focused and cause excessive heat
4. Never try to disassemble this unit or you will void the warranty.

ADAPTER

1. You can use your mirror with a plug-in wall adapter instead of batteries. A UL Listed, low voltage adapter for this unit is available from Floxite. **Use only a Floxite adapter made for this unit. Any other adapter may damage the unit and void the warranty.** To order, send \$10.00 by check or money order, (shipping and handling included), with this completed form to:

Floxite Co.
31 Industrial Ave.
Mahwah, NJ 07430-2210
