PAIRING THE KEYBOARD

Step 1: On the Keyboard, slide the power button ON. The blue status light will illuminate for 4 seconds and then turn off to save power. Your keyboard is still on.

Step 2: Press the CONNECT button. The Bluetooth indicator light will be blinking blue.

Step 3: On your device, go to the Settings menu and turn Bluetooth on.

Step 4: Your device will display "Bluetooth 3.0 Keyboard" as an available device.

Step 5: Select "Bluetooth 3.0 Keyboard" on your device. Your device will display a code.

Step 6: Type the code on the Keyboard and press ENTER. The Keyboard will now be paired with your device. (After pairing for the first time, your device will connect to the Keyboard automatically when you open the Keyboard.)

NOTE: In case of a connection failure, delete the pairing record from your device and try the above steps again.

POWER SAVING MODE
The Keyboard will enter sleep mode after being idle for 10 minutes. To active it, press any key and wait 3 seconds.

CHARGING THE KEYBOARD
To charge the Keyboard, please connect it to a USB port on your computer using the included cable. (Charge time: approximately 4 hours for 44 hours of work time or 60 days in stand-by mode.)

USAGE TIPS
Do not place heavy objects on the Keyboard.
