HEAT THERAPY WRAP

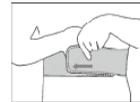

User Guide

Thank you for purchasing a Sharper Image Heat Therapy Wrap. Please take a moment to read this guide and store it for future reference.

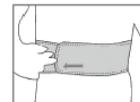

BACK WRAP

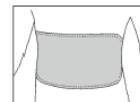

Place heating area over your back with logo facing out.

Bring the straps around your sides.

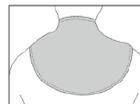

Lay the strap with the logo over the other end to close it with the velcro.

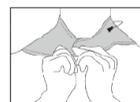

Our Back Wrap may also be used in the front to relieve pain from menstrual cramps.

NECK WRAP

Place wrap over back of neck.

Place straps around the neck and over one another to secure the velcro.

ANKLE WRAP

Place the wrap, logo side facing away from skin, around the front of your shin / ankle as shown to the left.

Bring the velcro strap around the back of your leg, just underneath the calf.

Next, at an angle, bring the strap over the front of your leg to the side of your foot.

Run strap beneath and around the side of your foot, then secure the velcro over the top.

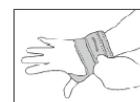

WRIST WRAP

Place thumb through the slit, with the wrap's logo side facing out.

Wrap the strap around your wrist, making sure to support any area with slight compression.

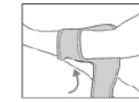

Lock the strap in place with the velcro at the end of the strap by placing it over the wrap surface.

ELBOW WRAP

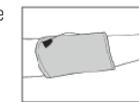

Connect the lower strap to the wrap as shown.

Put your arm through the loop you've just made, making sure the strap you've connected is closer to your forearm.

Secure the second strap [closer to the bicep].

Readjust the first velcro strap to achieve the desired fit.

KNEE WRAP

Place wrap over knee, making sure the cupping of the wrap goes over the knee cap. Wrap the upper strap around your thigh and close the velcro over the wrap.

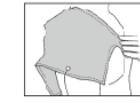

Wrap the lower strap around your upper calf and secure the velcro over the top of the wrap.

You may use the wrap over either knee. To do so repeat the same directions on your other knee.

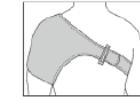

SHOULDER WRAP

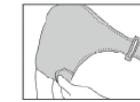

Place the wrap, logo facing out, so that the cupping of the wrap fits over your shoulder.

Bring the longer strap around your back and under the opposite arm to the front of your chest. Put the longer strap through the loop.

Tighten the strap and bring the velcro back over the strap so the logo is now facing out.

Bring the smaller velcro strap beneath your arm and place it over the wrap as shown. It should fit securely over your bicep.

WARRANTY/CUSTOMER SERVICE

Sharper Image branded items purchased from SharperImage.com include a 1-year limited replacement warranty. If you have any questions not covered in this guide, please call our Customer Service department at 1 (877) 210-3449.
