

Ultimate Innovations

# SOLAR NEON STAKES

ONE OF THE MOST UNIQUE  
GARDEN STAKES AROUND!

  
**ULTIMATE  
INNOVATIONS**  
By the DePalmas

## To Use:

1. On/Off Switch located beneath solar panel to operate.
2. Place stake in direct sunlight to charge battery. Make sure panel is lowered and top is exposed to sunlight.
3. Press On/Off switch to turn light on.
4. Neon will light automatically in dim light.

## Warning

The battery is incorporated into the solar panel and is not intended to be removed. Do not expose batteries to fire or water. Never touch damaged or leaking batteries, which could result in burn injuries or cause serious internal injuries if swallowed. Obtain immediate medical attention if this occurs. Misuse may cause battery to overheat, rupture, leak or explode that may result in personal injury and/or property damage.

Please do not return this product to the retailer. Should you have questions or need assistance with this product, please contact our customer service department.
