FAQ

THE TABLET IS NOT CONNECTING TO THE BT KEYBOARD?

- A** First, check if the BT Keyboard is in the “match code state”, then open the tablet Bluetooth setting.
- B** Make sure that the BT Keyboard battery is charged, low battery could prevent connection.

THE KEYBOARD INDICATOR LIGHT IS FLASHING WHEN IN USE?

- The flashing light indicates low battery, please charge the device.

THE KEYBOARD HAS ABRUPTLY DISCONNECTED?

- If the bluetooth keyboard is left on for an extended period of time, the device will enter sleep mode in order to preserve power. Press any key to resume the connection.

KEYBOARD MAINTENANCE

- Please keep the keyboard away from liquid. Keep the keyboard away from humid environments.
- Please do not expose the keyboard to extreme temperatures.
- Keep away from flames or hot surfaces.
- Avoid cleaning with sharp objects.
