

#733382 | Ages 6+  
Takes 1 adult to assemble.  
28"L x 22"W x 10"H

 **WARNING:**  
**CHOKING HAZARD**—Contains a small ball. Not for children under 3 yrs.

# Arcade Golf Putting Game *by HearthSong*

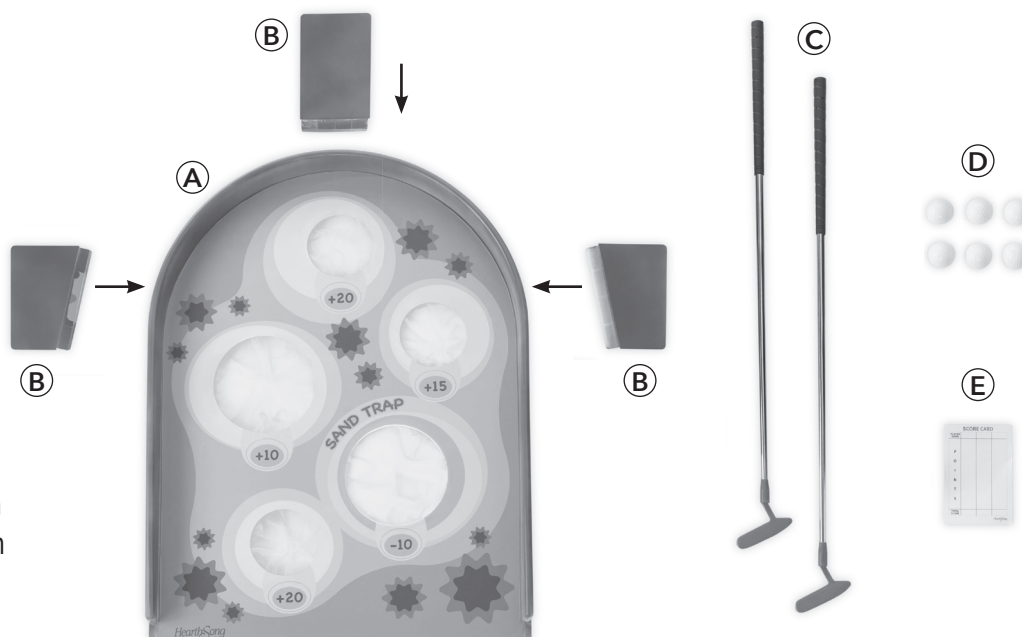

## Assembly and Game Instructions

### Parts Included:

- (A) x 1 Game board
- (B) x 3 Detachable legs
- (C) x 2 Golf Clubs
- (D) x 6 Golf balls
- (E) x 1 Score pad

### Game Set-Up:

Place the board on a smooth, firm surface, indoors or out. Playing on a grassy surface will increase the challenge, if you're up to it!

### Game Play:

There's no wrong way to play this open-ended putting game—just rack up all the points you can by aiming for the scoring holes with the highest point value! Here's some general guidelines:

1. Depending on the age and skill level of your players, select an appropriate teeing spot each player will putt from. Generally speaking, move the teeing area closer to the putting board for beginners; move it farther out as skills improve.
2. How do you win? Score the most points, of course! (Score pad is included). You'll notice that the higher-scoring holes are smaller and/or more difficult to reach. Avoid the sand trap (-10 points) that is at the front of the board.
3. This set includes 2 golf clubs, but you can play with as many players as you want. Here are just a few ideas for play:
  - ▶ Each player putts each ball (6 included) consecutively. The player with the highest points after 6 putts wins.
  - ▶ Select a winning score (perhaps 50 points)—whichever player reaches that score first is crowned winner.
  - ▶ Beat the clock—give each player 1 minute to score as many points as they can and proclaim themselves the mini-golf champion.
  - ▶ One-on-one: For two players, each player takes turns putting 3 balls. Take score at the end of each round, and complete as many rounds as you like.
